

October 20, 2010

To our Concerned Parents,

In response to concerns about students standing alone after class we would like to make this response.

Quality Driving school is concerned over the well-being and safety of all our students. We recognize that it is getting dark and cold earlier and earlier. We also need to meet the responsibilities of the class driving times, so students are not home later than need be.

Class times are given to you at the beginning of the student's course of study. **Parents are requested to be at the training location 15 minutes before the end of class.**

Yes you may have to wait a few minutes for your student to come out but it will allow everyone to be safe and our Instructors to do drives immediately following class. The time given to each student is affected by one parent not showing up on time. That time is taken from the student driving. If you have any ideas on how we can resolve this please let us know.

We would also like to address upcoming school closures due to weather.

If your high school is closed due to weather, Snow or Ice. Quality Driving will also be closed. If your high school is closed due to 1/2 day or vacation days please check with the main office 734-9117 to see if there will be class on that day.

Drive times: If a student does not feel capable of driving in snow or ice they can cancel with no penalty. The Student will have to make up that time when times are available. If a student can let us know earlier in a day if they do not want to drive it would be helpful. If a student still wants to make a drive if there is ice or snow for good practice they will need to check with the instructor to see if they will feel comfortable driving in that weather.

For any questions please call 509-734-9117
